Dear Mr. Shaw,

The Maricopa County Sheriffs Office is requesting authorization to become a Interoperability Partner with the TOPAZ Regional Wireless Cooperative. Use of these Interoperability talk groups will enhance our ability for direct communications and coordination efforts between agencies on the TRWC System and the Maricopa County Sheriff's Office. The approved talkgroups will be used for communications during special events, emergency operations, search & rescue and Homeland Security details. We are requesting this for approximately 600 Mobile radios and 900 Portable Radios. All Code Plug, Radio ID and information related to the template will be handled by Maricopa County Wireless Systems. All Info can be sent to Mark Bodlovich, Maricopa County Senior Programmer, email; markbodlovich@mail.maricopa.gov , 602 506-4752.

If you have any questions, please contact Steven Gibbs, Communications Coordinator at (602) 876-1886 or Scott Myers at 602-920-4026.

Sincerely,

A handwritten signature in blue ink, appearing to read "S. Gibbs".

Steven Gibbs, Communications Coordinator
